NY CHILDREN AMONG DEAD

ket of Mont Oliveto Collapses nder the Heavy Weight of Cinders nd Ashes from Volcano—Identifica- on of Dead Impossible.

Naples, April 11.—A frightful dis- er has occurred in the center of city following the eruptions of unt Vesuvius.

Two hundred people, it is estimat- were buried this morning in the ins of the market of Mont Oliveto, en the roof collapsed under the avy weight of cinders from the vol- no. The exact number of people thin the building at the moment of catastrophe is not known and the of fatalities is problematical.

The work of rescue progressed dur- the morning hours, and before noon ven bodies had been removed and 70 ured people taken from the ruins.

The disaster was appalling. The rt yard cover 600 square feet, and s roofed. The space within was usually crowded with buyers and eir children, the accident happening the hour of the day when trade was ost brisk. Rival displays of flowers, ruits and vegetables contended for yers, while the market women reamed their wares and joked with eir customers. Little children play- about the stands, adding gayety to e scene, the like of which is not wit- essed outside of Naples.

Suddenly, with scarcely a tremor or arning, there was a terrific crash, d the brilliant sights disappeared in cloud of dust while shrieks of ag- y rent the air.

Up to the present time the bodies of dead persons have been taken from eneath the ruins of the Monte Olive- o market, and 178 injured people are eing cared for at the hospitals.

The persons taken from the ruins of Monte Olivete market have better chances of recovery than the victims of the disasters of Ottajano, as the lat- ter, when they escaped death from the falling buildings, were in many cases suffocated by ashes.

The indignation of the people here as a result of the market disaster in- creases as each additional body is tak- en out, and a disturbance approaching a riot in importance has already oc- curred.

The people loudly insist that the au- thorities were aware that the roof of the market was unsafe, and that they were so excessively economical that they would not appropriate the funds necessary to repair the building.

The identification of a number of those killed by the collapse of the mar- ket has been found to be impossible, owing to their being absolutely unrec- ognizable, in some cases being reduced to pulp, while others were horribly mutilated, giving rise to scenes which are better undescribed.

Among those dead are many chil- dren, who had been sent by their par- ents to do the morning's marketing, and the grief of the parents when the bodies of their children were found was heartrending.

The market place itself is a mass of ruins, surrounded by enormous crowds of people, who are kept in order by cordons of police and carbineers.

The work of searching the ruins con- tinues in the most energetic manner.

Morgue managers, doctors, firemen, municipal guards, police and arsenal employes taking part in it under the direction of the Duke of Aosta, prefect of Naples, whose wife is assisting in the care of the injured. All the city authorities are also on the spot, and everything possible is being done to assist the families of the victims.

After visiting the ruins of the mar- ket place the Duke and Duchess of Aos- ta proceeded to the Pellgrini hospital, to which institution many of the in- jured persons were taken.

He proceeded to the residence of S. A. Putnam, a wealthy farmer, and called him to the door. Mr. Putman, not knowing who it was, nor the mis- sion, walked into the yard toward Mc- Kneeley's buggy. When within a few feet of him, McKneeley fired, empty- ing a load of buckshot into his right arm, tearing it in pieces, necessitating amputation, which was done by Drs. Gable, of Brooks, and Dr. Carson, of Griffin.

After this McKneeley proceeded to the residence of Mrs. Vickers, whose daughter had been a witness against him before the grand jury on account of a previous spree, where he called for the young lady. The mother an- swered the call, when he opened fire on them, seriously wounding the 12- year-old son of Mrs. Vickers, who was standing near his mother.

McKneeley then went to the resi- dence of J. T. Henson, with whom he had also had previous trouble, and he called for Henson. Bob Morrow, a nephew of McKneeley, who was visit- ing Henson's daughter, answered the call, and was shot and instantly killed.

MAD WITH JEALOUSLY DOCTOR KILLS WIFE

Then Shoots Her Companion And Stabs Self to Death.

JEALOUSY WAS CAUSE OF CRIME

Burton and Wife Were Separated, and When Former Found Latter With Thoxton, He Shot Her Dead, Wound- ed Him and Cut His Own Throat.

Birmingham, Ala., April 11.—W. E. Burton, physician, dead; Mrs. Laura E. Burton, wife of Burton, dead; T. T. Thaxton, dentist, Pratt City, probably fatally wounded. In brief, that is the story of an awful tragedy at 45 Wood- land avenue, North Haven, Monday night, between 10:30 and 11 o'clock.

Burton shot and killed his wife, two bullets taking effect; shot and wound- ed Thaxton, and then cut his own throat with a small pocket-knife, which his wife had given him. Famil- ly rows, coupled probably with jeal- ousy, seem to have been the cause of the crimes committed by Burton.

According to statements made by Mrs. V. A. Andrews, and her daughter, Miss Blanche Andrews, who live in the same house, the husband and wife have not been living together for some time. The mother and daughter fur- ther state that Dr. Thaxton was a cousin of theirs, and that he was at their house at their request, as the former was recovering from an opera- tion.

That Mrs. Burton was expecting to be killed by her husband is shown by a statement she made to a neighbor. She had received a letter from her husband earlier in the day which was supposed to contain threats on her life. There were three eyewitnesses to the shooting, besides those wounded or killed. The statements of all coin- cide even that of Dr. Thaxton made be- fore he was placed on the operating table. The witnesses were Mrs. An- drews, and her daughter, Mrs. T. T. Thaxton. The latter made the fol- lowing statement:

"My husband and myself went to the house at the request of Mrs. An- drews who was stopping with Mrs. Dr. Burton while recuperating from an op- eration. Burton came to the house and tried to make up with his wife. She refused to make up, and he asked her to go in a room for a private talk. They came out of the room in a few minutes and we were all standing in the hall. He asked her to return to the room with him, but she refused. He looked at her a minute, pulled the pistol and commenced shooting. My husband jumped between them and was shot twice. Mrs. Burton ran in to the yard and Burton followed her.

"The Burtons have not been living together for some time, and I under- stand that he had made several at- tempts to make up with his wife."

Burton's body was found in the yard a few feet from that of his wife, 30 seconds after the last shot was fired. Both were dead. The pistol was found at the foot of the steps and the knife was found under Burton's body.

Thaxton's condition is precarious, and he will probably not live through the day. It was at first supposed that he was connected in some way with the affair, but his wife's statement and that of his cousin have cleared him en- tirely.

Both the Burtons and the Thaxtons are well known. Dr. Thaxton has lived here 25 years, and had a good practice at Pratt City, a suburb.

Charged with Attempting Blackmail.

New York, April 11.—Homer Hawk- ins, a train clerk in the Mohaven yard of the New York and Mohaven rail- road, was arrested Monday and locked up on the charge of attempting black- mail. The complainant is Louis Ful- ler, a Harvard graduate, who is in business with his father at No. 61 Fifth avenue. The police say Hawk- ins is a nephew of Fuller. Accord- ing to the police the blackmail was based on a threat of information by Hawkins that Fuller's conduct was such as to jeopardize his engagement to marry a Miss Bowman, and Hawk- ins was demanded as a price of silence. Hawkins was seized after receiving a roll of marked bills from Fuller.

MAD WITH JEALOUSLY DOCTOR KILLS WIFE

Then Shoots Her Companion And Stabs Self to Death.

JEALOUSY WAS CAUSE OF CRIME

Burton and Wife Were Separated, and When Former Found Latter With Thoxton, He Shot Her Dead, Wounded Him and Cut His Own Throat.

Birmingham, Ala., April 11.—W. E. Burton, physician, dead; Mrs. Laura E. Burton, wife of Burton, dead; T. T. Thaxton, dentist, Pratt City, probably fatally wounded. In brief, that is the story of an awful tragedy at 45 Woodland avenue, North Haven, Monday night, between 10:30 and 11 o'clock.

Burton shot and killed his wife, two bullets taking effect; shot and wounded Thaxton, and then cut his own throat with a small pocket-knife, which his wife had given him. Family rows, coupled probably with jealousy, seem to have been the cause of the crimes committed by Burton.

According to statements made by Mrs. V. A. Andrews, and her daughter, Miss Blanche Andrews, who live in the same house, the husband and wife have not been living together for some time. The mother and daughter further state that Dr. Thaxton was a cousin of theirs, and that he was at their house at their request, as the former was recovering from an operation.

That Mrs. Burton was expecting to be killed by her husband is shown by a statement she made to a neighbor. She had received a letter from her husband earlier in the day which was supposed to contain threats on her life. There were three eyewitnesses to the shooting, besides those wounded or killed. The statements of all coincide even that of Dr. Thaxton made before he was placed on the operating table. The witnesses were Mrs. Andrews, and her daughter, Mrs. T. T. Thaxton. The latter made the following statement:

"My husband and myself went to the house at the request of Mrs. Andrews who was stopping with Mrs. Dr. Burton while recuperating from an operation. Burton came to the house and tried to make up with his wife. She refused to make up, and he asked her to go in a room for a private talk. They came out of the room in a few minutes and we were all standing in the hall. He asked her to return to the room with him, but she refused. He looked at her a minute, pulled the pistol and commenced shooting. My husband jumped between them and was shot twice. Mrs. Burton ran into the yard and Burton followed her.

"The Burtons have not been living together for some time, and I understand that he had made several attempts to make up with his wife."

Burton's body was found in the yard a few feet from that of his wife, 30 seconds after the last shot was fired. Both were dead. The pistol was found at the foot of the steps and the knife was found under Burton's body.

Thaxton's condition is precarious, and he will probably not live through the day. It was at first supposed that he was connected in some way with the affair, but his wife's statement and that of his cousin have cleared him entirely.

Both the Burtons and the Thaxtons are well known. Dr. Thaxton has lived here 25 years, and had a good practice at Pratt City, a suburb.

Charged with Attempting Blackmail.

New York, April 11.—Homer Hawkins, a train clerk in the Mohawk yard of the New York and Mohawk railroad, was arrested Monday and locked up on the charge of attempting blackmail. The complainant is Louis Fuller, a Harvard graduate, who is in business with his father at No. 61 Fifth avenue. The police say Hawkins is a nephew of Fuller. According to the police the blackmail was based on a threat of information by Hawkins that Fuller's conduct was such as to jeopardize his engagement to marry a Miss Rowthen, and $500 was demanded as a price of silence. Hawkins was seized after receiving a bill of marked bills from [illegible]

SECOND DAY SESSION OF THE W. C. T. U.

Day Was Devoted to Regular Proceedings of the Body.

THE PRESIDENT'S ADDRESS

Was Full of Interest, and Was Listened to With Eagerness by Those Assembled—The Program Wednesday Night Was a Fine One.

The W. C. T. U. convention assembled at the Auditorium at the appointed hour Wednesday morning.

The meeting opened with the doxology, followed by responsive reading of Psalm 146, after which the crusade hymn was sung.

Preceding the roll call Mrs. W. V. Knott of Tallahassee offered a fervent prayer.

The appointments of committees was next in order, and was followed by the report of the Executive Committee.

Next in order was the President's address, and she spoke in part as follows: "The work of the W. C. T. U. in Florida during the 28 years of its life has been one continued struggle. At first, for very existence; later, to establish anything like system in its department work, and hold a reasonable number of workers to the Union. So I come to you today, proud because the bearer of the glad message that the year just past was no less a struggle, but was also a victory.

"We have a right to rejoice over a gain in numbers, increased efficiency of departments, greater respect for our organization throughout the State; largest practical results.

"When I saw Mrs. Stevens and Miss Gordon at the station in Chicago, as we were starting for the National Convention at Los Angeles, their greeting was: 'Congratulations, Florida!' That greeting I pass on to you today: 'Congratulations, Florida!' — you, faithful presidents; you, earnest superintendents; you, plain, everyday members, without title or position. To you the praise belongs, for from your efforts came the victory.

"Their words of cheer were because of reported gains in numbers. Mine to you are because of the persistent, hopeful, devoted service on your part that secured for us the honor of a part in jubilee height at the National Convention. I hope you read the reports in The Union Signal of the convention; then you can understand something of my joy in representing you there. The States that gain 500 new members have not only honorable mention, but the distinction of being termed 'Jubilee States,' to whom is committed the program for the closing night, and their delegates may say all the good and great things of them that they can crowd into the ten minutes allotted.

"Florida, from 570 members, October, 1904, passed to 1,077, October, 1905, a gain of 507 members, and that was the meaning of the congratulations of our National officers and the unusual joy of our delegation."

The address was of interest throughout, the speaker giving much encouragement all along, and closed with the remark: "This is the day of our opportunity. The way is open, the people are ready. Is your heart and your hand obedient to the call? Then the Master's 'well done' will be your reward."

After a song the reports of the District presidents were read. Then followed the introduction of new members and visitors.

The meeting closed with the hour of devotion.

Wednesday Afternoon.

The afternoon session opened at 2 o'clock with devotional exercises.

Then followed the reports of officers, which were very satisfactory and complete.

During the symposium some very excellent papers were read on the subjects: "Health and Heredity," "Medical Temperance," and a fine paper on "Scientific Temperance Instruction," by Mrs. Dean of DeLand.

The reception at the residence of Mayor Thomas was a most delightful occasion, and there was a most happy gathering. The handsome residence was in holiday attire for the event, ice cream, cake and lemonade were served the guests, and the venerable violinist, Prof. Clark, furnished music of the olden time.

Wednesday Evening.

The principal event for the evening was the address by Mrs. M. N. Newton, National Lecturer, who gave a very brilliant talk, and was heartily applauded.

A duet, "Where Is My Wondering Boy?" was sung by Mesdames Maretta E. Brooks and Elizabeth Smith. They were heartily applauded, and the song was touchingly rendered.

Then followed the banner presentations. Lake City won a banner for having the most working departments, Eustis for the banner district, Fort Myers for largest gain, DeLand for the most work.

Mrs. Elizabeth Smith and W. W. Ashley sang a duet, Miss Myrtle Fenbell, accompanist.

During the taking of a collection Little Miss Eloise Douglass favored the audience with a very difficult piano solo.

After singing the "Florida State Song," and a few remarks by the president, the audience was dismissed with the Lord's prayer.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Newberry, April 11.—Buck Ellington of Georgia has been selected as cashier of the Bank of Newberry, and he arrived in the city Sunday. Monday morning a meeting of the board of directors was called, and at this meeting the necessary papers were signed, and publication of notice for charter will appear this week, and the bank will be open for business on May 12th.

The fixtures and stationery for the new bank has been ordered, and everything will be up-to-date in every respect.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of lagrippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Sold by all druggists.

Justice Colman's Court.

Eugene Bell, a colored man who has been working about the city for the past few months, was arraigned in Justice Colman's court Wednesday upon a charge of petit larceny, the charge having been made by J. A. Manning. The defendant when arraigned pleaded guilty, whereupon the court sentenced him to pay a fine of $10 and costs, or spend sixty days in jail. In default of the fine, Bell will be compelled to serve the county for the next two months.

THE GUARDS' INSPECTION.

Adjutant-General Foster and Other Officers Were Here Yesterday.

Adjutant-General J. C. R. Foster of the Florida State Troops, accompanied by Major John A. Dapray of the United States Army, who has been detailed for the service, Col. I. E. Webster, retired, Lieutenant-Colonel C. M. Bingham of the Second Regiment and Adjutant Blanding of the Second Regiment, inspected the Gainesville Guards, Company H, Second Infantry, last night.

The inspecting officers were well pleased with the general deportment of the company, which they declared to be up to the standard in the State Troops at this time.

Adjutant-General Foster, who is on a tour of inspection of the State Troops, stated yesterday that, as a rule, he had found the various companies, with two exceptions, above the average, as regards both membership and efficiency. Of the two companies which have proven short, one was on account of lack of membership and the other for inefficiency. "I am gratified to state that as a rule I find the companies so far inspected in good condition," General Foster remarked, "and for that I feel very proud, as I naturally take a great interest in the State Troops, where I received the most of my military education. I love the State Troops, and I want to see them prosper."

General Foster and Major Dapray expect to make their departure this morning for Fernandina.

A PROMINENT VISITOR.

A Veteran of the Indian War Spending a Few Days in Gainesville.

Among the visitors to Gainesville is A. P. Canova of Lakeland, who is here as a guest of friends.

Mr. Canova is one of the pioneers of Florida, and one of the few survivors of the Seminole Indian War. He is the author of a very interesting history of the Indian War in Florida, which contains some personal experiences of the hardships of that mighty campaign. The book, when first issued several years ago, had a large circulation, and was very popular.

Mr. Canova moved from Palatka to Gainesville, and about four years ago removed to Lakeland, where he has since resided. While here he is a guest of his friend, E. C. McMahan, East Arlington street.

Herbine, taken every morning before breakfast, will keep you in robust health; fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 8, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50c. Sold by W. M. Johnson.

Island Grove Notes.

Island Grove, April 11.—Mrs. Ruth Moore of Tampa spent Saturday and Sunday here with friends and relatives.

We are glad to note that B. T. Cason, who has been sick during the past week, is rapidly improving.

Rev. York filled the pulpit at the Baptist church last Sunday.

Our school will close with a picnic at the school house on April 20th. All are invited.

T. Z. Cason, who is attending the University of Florida, returned to Lake City Monday.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

SKIN DISEASES

FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acrid matter is forced to the surface through the pores and glands. Pustules are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely. L. CARD FROM MR. HILL.

Explains His Position, and Why He Entered Race for Tax Assessor.

To the Citizens of Gainesville:

The city election is now over and I desire to refute several unjust charges made against me during the campaign, that my position may be better known to those who do not know me.

I wish to deny *most emphatically* that I was the candidate of any clique or combination of interests, whose object it was to greatly increase taxable values in this city. I was encoraged by, I believe, every city official, and many prominent business men, to become a candidate for the office of assessor, owing to the fact as they stated that the city needed some one this year who would give the duties of that important office the attention deserved, and who would get up a complete set of books for that department, and a record of *all* taxable property within the city limits, at an equitable valuation and in a legal manner. Being a property owner and deeply interested im the welfare of our city I decided to announce my candidacy, and I did so before the City Council voted to increase the salary for this year to $800, statements to the contrary notwithstanding, and which is really about one-half of the value of a competent man's time, under existing conditions.

I have been criticised for opposing an elderly gentleman—even my wife censured me. However, I do not believe I deserve this censure, for I am frank to say had I not been lead to believe, by those in position to judge, that the former assessor was not fitted for the office, I would under no circumstances have announced my candidacy. However, I announced my candidacy before he did. That I had no particular desire to fill the office is evidenced by the fact that my campaign, or canvass, consisted only of an announcement in the paper and a card to each qualified elector.

That Gainesville needs a more thorough assessment is evident, when it is generally known that there is taxable property not on the books, and some property greatly undervalued, both real and personal. I claim this is neither just or equitable and I believe my opinion is concurred in by all citizens, unless it be by those whose interests would be affected.

I fully realized that it would be a difficult matter, and perhaps a very unpleasant experience, to get all taxable property on the books and to more nearly equalize the values, but had I been elected I believe I could have depended on the good common sense and better judgment of property owners have to aided me in the undertaking.

In conclusion: The reason why I was not elected was because I did not received enough votes. I wish to say to those who voted for me, and also to those who did not, that I have the interest of Gainesville at heart and that I have only the kindliest feeling toward them. Respectfully,

W. L. HILL.

NEWS OF CITY AND COUNTY CONDENSED

A. H. D'Alemberte of Pensacola, who has been in the city attending the meeting of the Grand Lodge, Knights of Honor, and who was elected grand reporter at the meeting just closed, made The Sun a pleasant call yesterday morning. Mr. D'Alemberte was quite favorably impressed with our city.

T. J. Cone of Raleigh was in the city on Wednesday, and has been on a tour of several counties looking for men to work in his lumber mill. He said that the labor question was getting very bad, and in all the places he visited he could not find any men who would think of leaving home to get work.

John Q. Tilghman and Stewart Worden of Palatka, prominent manufacturers of lumber, sash, doors and blinds, were registered at the Brown House yesterday. The former was en route to Lukins, where he is interested in the Tilghman Company, who purchased the big Lukins mill a few months ago.

Dr. and Mrs. J. H. Alderman have gone to St. Augustine, where they will recuperate for a few days. Friends of Dr. Alderman, who had the misfortune to break his arm a couple of weeks ago, will be glad to learn that his condition is rapidly improving, and he will be enabled to resume his duties upon his return.

F. V. Seagle, formerly of this city, where he was engaged in the hotel business, but for the past few years a resident of West Palm Beach, has returned to his home, after a brief visit to his children here. Friends of Mr Seagle were glad to greet him, and to learn that he is enjoying not only fine health but a fine business on the East Coast.

Captain H. C. Parker of LaCrosse, a progressive merchant and one of the most widely known residents of his precinct, was among those who came to Gainesville on business yesterday. Captain Parker served his county faithfully as a member of the school board for many years, and could be elected to any office in the county to which he aspired, but he declares he is through with "office jobs," as he has more than he can attend to in his business. Captain Parker was accompained by his daughter, Miss Bessie.

The Sun was honored yesterday with a call from Mrs. Rev. J. B. Westcott, formerly of Smith's Landing, N. J., but for the past year residing in Eustis. She was accompanied by her charming little daughter, Miss Edith. Mrs. Westcott, who is a guest of Mrs. W. R. Thomas while here attending the State convention of the W. C. T. U as a delegate, is also a woman of considerable literary talent, having been connected in newspaper work for several years. She is representing as a correspondent several large papers of the North. She is now en route to her Northern home, where she expects to remain until about October 1.

We don't know as there are any mad dogs in Gainesville, but it is quite certain that at times there are some mad people. When a dozen worthless curs set up a howl at night that arouses the neighborhood, it is just cause for them to become rather indignant.

The mill and phosphate men of this State are determined to have men to do their work who have not got to be pounded on the back like a lazy mule. There is no denying the fact that the negro can do more work in a day than a Chinaman or an Italian, but it remains to be seen whether they will or not.

A GHOULISH BUSINESS.

"The terms of office of Justices Charles B. Parkhill and James B. Whitfield, two justices of the State Supreme Court, expire next January. It is generally understood that they will be candidates for renomination at the coming Democratic primaries. The people of Columbia county will take a ghoulish pleasure in voting against them. Their unfair methods in fighting Lake City, when endeavoring to secure the permanent location of the University of Florida, will be remembered by all true, loyal and patriotic citizens of Columbia county. These men should not receive a vote within the confines of our county's border line, and, unless we are greatly mistaken in the people of Columbia county, they will not."

The above is taken from The Citizen-Reporter, a newspaper published at Lake City, of date April 6th, 1906, and we have never before seen so glaring an illustration of the truth of the old adage: "Whom the Gods would destroy they first make mad." Everybody in Florida knows of the now celebrated "Buckman bill," wisely designed to consolidate the six schools for higher education, that the State had theretofore been endeavoring at great and ever increasing cost to support, into two institutions, the one for white males, the other for white females. Everybody knows, too, that by the provisions of that bill the two colleges thereby provided for were to be located by the joint vote of the five members of the Board of Control created by the act and the five members of the State Board of Education. Everybody knows, too, that the justices of the Supreme Court had no connection whatever with either of these two boards, and had no voice in the selection of sites for these two colleges. So does everybody know that the two boards, who alone had the decision of the matter when they met, by a majority vote selected Gainesville in Alachua county as the location for the University or male school, and Tallahassee for that of the Female College. Everybody knows, too, that had it not been for the efforts and votes of Hon. Frank Adams, whose habitat is in Hamilton county, but whose largest property and business interests are at Lake City in Columbia county, and that of Hon. Guy Gillen, Columbia county's State Senator, the Buckman bill would never have become a law. Everybody knows, too, that when Lake City failed of election under the bill as the site for the University, she instituted proceedings in the Supreme Court of the State to have the Buckman bill adjudged by that tribunal to be unconstitutional upon divers and various grounds That court, in an exhaustive, painstaking opinion by Chief Justice Shackleford, the absolute correctness of which cannot be gainsaid by any respectable lawyer, those representing the "ghoulish pleasure seekers" of Lake City always excepted, held the law to be entirely constitutional. And herein lies the offending of Justices Parkhill and Whitfield. They took part, as they were in duty bound under their official oaths, in the decision of Lake City's case to annul the Buckman bill, and decided, as was their sworn duty, *according to law*, but *against Lake City*. And now Lake City will take a "ghoulish pleasure" in voting against them for having *done their duty* because that duty was contrary to the august wishes of Lake City. Every law suit in every court has a right side and wrong side. Our confidence in the uprightness and justice of our Judiciary in general leads us to believe that they endeavor always to find the right side of every case, and to decide therewith, and in this case we are perfectly satisfied that our Supreme Court decided rightly, and without any particle of bias, partiality or favoritism for any place or party involved. What interest did Judges Parkhill or Whitfield have in Gainesville as against Lake City as a site for the University or in the maintenance of the Buckman bill? None on earth. The only man on the bench whose total disinterestedness could be questioned—Justice Taylor—whose home is in Gainesville, true to his character for avoiding even the appearance of official wrong doing, voluntarily recused himself and took no part in the decision of the case. And Lake City will take ghoulish delight in voting against these men for having done their duty simply because such dutifulness resulted in depriving her of her ardent desire for the University. Ghoulish it is in truth and in fact. The good people of Florida, we opine, will not uphold Lake City in her ghoulish attitude of turning down a Judge who has done nothing but his sworn duty, but who, in doing it, has disappointed a suitor. If that is the rule to be adopted in the selection of Judges then God save our cherished liberties, freedom and civilization. Chaos and ghoulishness will follow quickly.

The Oregon is an example of what we may expect of our fighting ships when we get so many of them cruising around in times of peace. They will long for something to do, and as they dare not shoot anybody, will go into the smuggling business. The Oregon crew has been doing a very active business, on the Pacific, and it is stated that $750,000 worth of goods have been landed at Bremerton, and the entire crew will be detained to sift the matter.

Tanner Not Sustained.

Salt Lake City, April 11.—The Herald says that Joseph M. Tanner was not sustained by the semi-annual conference of the Mormon church on Sunday last. Like Apostles Cowley and Taylor, who resigned from the governing body of the church, Tanner was wanted as a witness in the Senator Smoot investigation at Washington and could not be found. He was a member of the educational board of the church, but his name was not presented to the conference for its approval. Tanner is said to have taken a plural wife since the manifesto of 1890.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by all druggists. 50c and $1. Trial bottle free.

Chicago, April 11.—A dispatch to the Record-Herald from Essex, Iowa, says that John Alexander Dowie will again rule Zionists is the prediction of the "propeht's" father, J. M. Dowie, who lives quietly and comfortably here. The old man is deeply interested in his welfare, and proud of him. "There is but one explanation of his denying me," said he yesterday, "John Alexander has overworked himself and his mind is unbalanced. But he will resume his sway over Zion. Let them wait until he gets back there."

Passengers in the express were severely shaken up by the sudden stopping, and some of those in the sleeper were thrown from their berths, but all escaped serious injury. STUDENTS MEET WATERY DEATH

Matthews And Eubank Are Drowned In Warrior River.

Tuscaloosa, Ala., April 11.—Tom Matthews, of Anniston, and George Eubank, of Birmingham, two of the most popular students at the state university, were drowned while fishing at Lock 2, on the Warrior river.

They were in a canoe, and ventured too close to the foot of the falls There were several across the river, and called to them that they were going too close, but they evidently did not hear, and with a few more strokes of their paddles they were sucked under the rapids, which form great whirlpools across the river.

Those who saw the awful scene, were utterly helpless, as it was certain death to venture near. Their bodies were not seen after they were carried under, and it is feared that it will be impossible to secure them, it being certain death to get near enough to drag for them.

The student body, together with the faculty and many citizens, thronged the banks of the river.

KILLED WHILE SEEKING ESCAPE

Fleeing Prisoner Is Shot to Death by Sentry.

Atlanta, April 11.—The body of Lewis Persell, a military prisoner, who was shot and killed while trying to escape from Fort McPherson and desert the regular army Monday, was taken to the national cemetery at Marietta, Ga., Tuesday and buried without the usual honors given a regular soldier.

Persell had just finished unloading a lot of wood, and had climbed into the wagon and had started back for the corral. As he started hurrying the horses, Lawrence Lodiam, a private of company C, of the Seventeenth infantry, who was acting as sentry, called him to halt. At first the prisoner seemed to hold the horses back, but immediately afterwards urged them ahead. The sentry called a second time to halt, and as Persell this time slapped the horses with his reins and crouched down in the wagon, Private Ludlam again commanded him to halt, and as this was disobeyed, fired. The bullet struck Persell in the back and entered his heart. While it was several minutes before the man expired, he fell forward instantly and death was painless.

Captain R. C. Davis, officer of the day, was also commander of Ludlam's company. Colonel Van Orsdale immediately investigated the case and Ludlam resumed his regular duty on guard, investigation with plenty of witnesses proving that he had carried out his duty as a soldier.
